

WILDLIFE
STORYTELLERS™

Give her something to hold
and something to hold onto.

How do you share the Gospel with a child who speaks a language you've never even heard of?

What can you give a young girl traumatized by sex trafficking and abuse?

How do you comfort an orphan who lost his mother and father to AIDS?

Give them something to hug and love that speaks to them in their own heart language from God's Word... give them a Wildlife STORYTELLERS™ animal.

Wildlife STORYTELLERS™—different soft, furry critters—share Bible stories with children and adults around the world in their own native tongue. The stuffed tigers, elephants, bears and others can be loaded with recordings in over 5,000 languages and dialects. When you place these animals in the hands of children and adults, it is a tactile reminder of God's love

WILDLIFE STORYTELLERS™ are unique, effective spiritual tools to help you and your ministry partners share the Gospel and give comfort to children across the globe.

Wildlife STORYTELLERS™ were strategically developed to make a long-lasting impact on children around the world. From children of crisis to those who have never even heard of Jesus, they make an eternal difference.

Research shows that stuffed animals can bring physical and emotional comfort to children and adults who have experienced trauma and pain. The Wildlife STORYTELLERS™ will help children of poverty, disease and disaster around the world literally feel God's love, even as they hear about the hope He gives. And they can give any child the foundation of faith they need to grow into followers of Christ

WILDLIFE STORYTELLERS ARE:

ORAL

Two-thirds of the people in the world are oral communicators. That means that, either by necessity or choice, they learn most effectively by oral means.* Many cultures pass on beliefs, history, values and other important information through stories, music and other oral communications. Wildlife STORYTELLERS™ contain portable audio player devices that are solar-rechargeable with pre-recorded Bible stories and teachings that overcome literacy barriers.

RELEVANT

Even the national languages used in many regions of the world fail to pick up the nuances and details of the dialects used by individual people groups. Many oppressed people open their hearts and minds when they hear God's Word in their own specific native tongue, or heart language. Wildlife STORYTELLERS™ can be fitted with Biblical audio content available in over 5,000 languages and dialects.

SIMPLE AND PRACTICAL

Each stuffed animal is equipped with a special pocket designed to store the portable, audio player device. Each audio device features an off and on button

“There is nothing as painful as being traumatized, and worse still, losing parents to war as a child. The animal gives a child something to cuddle with, kiss goodnight and hear . . . ‘Be strong, your Father has something in store for you!’ ”

ARKANGELO BOL CHAN, former Lost Boy of Sudan

and a large single button that controls the volume level, advances to the next story, and pauses. If left unattended it stops by itself. The portable audio player device is solar rechargeable and can play hundreds of times in its life span. The user can simply leave the device in the sun for a recharge.

COMPREHENSIVE

The Wildlife STORYTELLERS™ can be loaded with Bible stories, spanning Old and New Testaments, meant to give a child a long lasting foundation for faith. Chronological and topical stories are strategically chosen to offer a broad spectrum of general Bible knowledge to any child or caregiver. In addition to Bible stories, ministries can also choose from among many topical sets that address specific spiritual needs such as fear, salvation, practical faith living and more. They can also feature content from your ministry.

CHILD-FOCUSED

God has called us to reach out to the “least of these.” What can be more fulfilling than comforting the heart of a child who has faced trauma and pain? These soft, lovable critters comfort children and let them know they are special. Combine that with God’s Words of hope and love in a language they understand and you have a powerful tool for eternal impact. And this resource will also impact the lives of caregivers.

SAFE

Each Wildlife STORYTELLERS™ animal is child certified, as well as every audio player device.

PARTNERING WITH YOU TO REACH GOD'S CHILDREN

"That they might set their hope in God, and not forget the works of God, but keep His commandments." PSALM 78:7, NKJV

At Wildlife STORYTELLERS™, we want to help you carry out your God-given ministry and holistic missions efforts as effectively as possible. We want to partner with you to reach across the globe and literally wrap the comforting arms of God around hurting children through these loveable, Scripture-filled animals. We know that your ministry has certain standards, passions and characteristics that make you unique. That's why we focus on catering to your needs.

Here's how we can help you fulfill God's call.

By providing an effective spiritual tool. Wildlife STORYTELLERS™ are a practical and powerful way to share the hope and love of God with children and their caregivers across the globe.

By giving you flexibility. Our ordering system is customized to your needs. Contact us at www.wildlifestorytellers.com or call us at 800-245-7186.

By making it your own. Wildlife STORYTELLERS™ offers you several ways to personalize your missions effort.

>> **Custom hang tag.** We can replace our product tag with your own ministry tag.

>> **Custom tip-in audio content.** You can provide a personal prayer, story or introduction to be included with the Scriptural content and stories.

"Wildlife STORYTELLERS™ is a project authentic in its approach to preach the Gospel holistically, in word and deed. This superb tool has countless possibilities for bringing healing and hope into lonely and wounded hearts."

"Every Home for Christ is but one of many ministries that could not fulfill its evangelistic mandate were it not for the dynamic and focused vision of Global Recordings Network audio recordings. We fully endorse this new and creative project, Wildlife STORYTELLERS™, to preach the Good News!"

DICK EASTMAN, International President of Every Home for Christ

WILDLIFE STORYTELLERS™ has been successively tested through various organizations working within: Thailand, Haiti, Guatemala, Senegal, Nicaragua, Ethiopia, and the USA.
