

The Envoy

Choose from over 8,400 Scripture messages in our audio library

Send your Scripture message to the ends of the earth using the solar-powered MegaVoice Envoy digital audio player. Weighing in at only 2.3 ounces and smaller than the Blackberry or iPhone, the Envoy is both lightweight and inconspicuous making it ideal for distribution to non-readers living in “difficult” locations. Designed for extended usage in harsh environments the Envoy comes equipped with integrated solar panel and replaceable battery.

Create your own message and the MegaVoice audio team will load it onto the Envoy for you. Or you can select Scripture messages from the Megavoice audio library. Our online library is one of the largest Christian audio resources available today. Augment your own message with an audio Bible, New Testament or portions of Scripture, from our database containing thousands of messages and languages. Selecting content for your Envoy has never been easier. Search the MegaVoice audio library at megavoice.com/search
